Moser Baer Solar Limited
Amorphous Silicon Thin Film Solar Modules

Limited Warranty Certificate

Re-energizing the World!

Dear Customer,

Moserbaer is a global leader in the development and high-volume manufacturing of technology products. Moser Baer Solar Limited was launched as a fully owned subsidiary of Moserbaer in 2007 with the primary objective of enabling reliable solar power as a competitive non-subsidized source of energy. Moser Baer Solar Limited aims to distinguish itself as a significant player in the global photovoltaic market by leveraging its high-volume manufacturing expertise in the production of products dedicated to generating solar power.

Moser Baer Solar Limited divides its amorphous silicon (a-Si) based thin film module offerings into mainly 4 product families, namely:

- Full Size MBTF400
- 1/2 L MBTF200 and 1/2 P MBTF200
- 1/4 size MBTF100
- 1/4 size MBTF100 (T)

The modules are manufactured using a-Si single junction technology using monolithic laser interconnect in the Glass-PVB-Glass configuration. The product comes either with bonded back rail attached to the back glass or without bonded back rail. This provides the necessary structural strength, good aesthetics and ease of installation.

The warranty is limited to the terms and conditions stated herein.

A. Limited Warranty for Manufacturing Defects :

5 years warranty for Manufacturing Defects - Moser Baer Solar Limited warrants that for the term of this warranty, the Module(s) sold hereunder shall be free from defects in materials and workmanship under standard application, installation, use and service conditions, "Manufacturing Defect". If during the term of this warranty, the Module(s) is/ are found to be having Manufacturing Defects, then Moser Baer Solar Limited will, at its sole option (i) repair (ii) replace such Module(s) which is/are found to be having Manufacturing Defects with an equivalent Module(s), or, (iii) refund the purchase price of the module as measured by the then prevailing price of similar modules.

This limited warranty of Manufacturing Defects does not warrant specified level of power output.

The term of this warranty is for 5 years starting from the date of first purchase/use. This is subject to Warranty Exclusions and Limitations.

B. Limited Warranty for Performance

Moser Baer Solar Limited warrants that the Module(s) sold hereunder will generate the output of nominal power of at least 90% of the minimum "Peak Power at STC"* stated in the Moser Baer Solar Limited Flash Report of the associated transaction, for a period of 10 years from date of first sale to original purchaser/ user, and nominal power of at least 80% of the minimum "Peak Power at STC"* stated in the Moser Baer Solar Limited Flash Report of the associated transaction, for a period of 25 years from date of first sale to original purchaser / user under standard Moser Baer Solar Limited test conditions. The following terms will apply in the event Module(s) are not providing the warranted percentage of its specified minimum power output due to defects in material or workmanship, during the term of the warranty :.

- (i) Moser Baer Solar Limited will, at its sole discretion, use its own equipment under standard testing conditions or use a third party for testing performance of Module(s) for which claim has been raised. If, under the standard test conditions, the Module(s) is / are not providing the warranted perc

C. The following applies to all the warranted Module(s) of Moser Baer Solar Limited:

-
-

D. Procedure to Claim Warranty

E. Warranty Exclusions and limitations

F. Force Majeure

G. Governing Laws
