Moser Baer Solar Ltd. Recyclability Declaration

Dear Owner,

We wish to congratulate you on the purchase of modules from Moser Baer Solar Limited (MBSL), and give you another reason to be proud of your choice. Moser Baer Solar Ltd. is fully committed to developing and operating a safe, healthy and clean environment. Environment sustainability is an intrinsic part of MBSL and specific targets pertaining to Environment, Health & Safety objective are incorporated into our business plans.

Since recycling of modules has emerged as an important criterion for our customers and since we have always believed in leading by example, MBSL has championed the cause of recycling of PV Modules. MBSL has been an active member of PV Cycle from the very beginning and as long as Moser Baer Solar Ltd. is a Member of PV CYCLE, our company guarantees to take back every module at the end of its useful life and /or the end of warranty period. We will ensure, through PV Cycle, that all such modules are recycled and their environmental impact is minimized.

Validity

This offer is applicable to all MBSL modules bought during the period between January 1st, 2011 and December 31st, 2011 from Moser Baer Solar Ltd. by original purchaser / user for first use within Europe only.

Applicability

This program is valid only for complete modules from which no component (frame, Junction box, Glass, cable) has been removed or altered and directly sold by Moser Baer Solar Ltd. to first purchaser. Single items/ components and any other items not distributed by MBSL are not covered under this program.

Guidelines to avail

In the case of availing this program, the owner is responsible for the risk and costs of dismantling, packaging and transport to the point of collection. The list of collection points is available on the website www.pvcycle.org
